
Listing of Educational Programs in Occupational Therapy

November 1990

The American Occupational Therapy Association in collaboration with the Committee on Allied Health Education and Accreditation of the American Medical Association is officially recognized as the accrediting agency for **entry-level** educational programs for the occupational therapist. The Council on Postsecondary Accreditation and the U.S. Department of Education require that the list of accredited educational programs for the occupational therapist be published annually.

In addition, the American Occupational Therapy Association publishes the list of approved educational programs for the occupational therapy assistant. These lists follow.
