
Listing of Educational Programs in Occupational Therapy

August 2005

The Accreditation Council for Occupational Therapy Education (ACOTE®) of the American Occupational Therapy Association is officially recognized as the accrediting agency for *entry-level* educational programs for the occupational therapist and occupational therapy assistant in the United States and its territories. The U.S. Department of Education and the Council for Higher Education Accreditation require that a list of accredited educational programs be published annually.

The following *entry-level* programs are accredited by the Accreditation Council for Occupational Therapy Education. The status of accreditation includes the following categories:

ACCREDITATION

The program is in substantial compliance with the *Standards for an Accredited Educational Program for the Occupational Therapist* or *Standards for an Accredited Educational Program for the Occupational Therapy Assistant*.

PROBATIONARY ACCREDITATION

At the occasion of its most recent review, the program was not in substantial compliance with one or more of the *Standards*.

ADMINISTRATIVE PROBATIONARY ACCREDITATION

The program does not comply with one or more of the administrative requirements for maintaining accreditation, such as, timely payment of an accreditation fee or timely submission of a required report.

All programs listed below hold one of the above three accreditation statuses. Designation of the specific status is not included on this list. For specific information, contact the program directly.

On-site evaluations for program accreditation are conducted at 5 or 7 year intervals for initial accreditation and 5, 7, or 10 year intervals for continuing accreditation. The dates on this list indicate the academic year the next evaluation is anticipated.
