*Accreditation granted following a re-accreditation on-site evaluation: The accreditation review process confirms that the program is in full compliance with all the ACOTE Accreditation Standards for a Doctoral-Degree-Level or Master's-Degree-Level Educational Program for the Occupational Therapist or a Baccalaureate-Degree-Level or Associate-Degree-Level Educational Program for the Occupational Therapy Assistant.*

*Continuing Accreditation with Warning granted following a re-accreditation on-site evaluation: The accreditation review process confirms that the program is not in compliance with one or more of the ACOTE Accreditation Standards for a Doctoral-Degree-Level or Master's-Degree-Level Educational Program for the Occupational Therapist or a Baccalaureate-Degree-Level or Associate-Degree-Level Educational Program for the Occupational Therapy Assistant. The program's current accreditation status will be extended until all areas of noncompliance are resolved.*

*Once the program has come into full compliance, a new accreditation term will be awarded. The amount of time the program maintained continuing accreditation with warning status will be deducted from the new accreditation term.*

*At the time of ACOTE action to grant Accreditation or Accreditation with Conditions, ACOTE awards an accreditation period based on the following criteria:*

- *5-year review cycles are given to programs that raise significant concerns as determined by ACOTE;*
- *7-year review cycles are the standard number of years for reaccreditation; and*
- *10-year review cycles are granted to those programs that have no areas of noncompliance and have demonstrated exceptional educational quality.*

*\*Less than 5-year review cycles may be granted to accredited master's or associate-degree-level programs that are transitioning to a higher degree level. The accreditation term awarded by ACOTE is established based on the scheduled graduation date of the last class of master's or associate-degree-level students. These programs will be scheduled for a full on-site evaluation in the designated academic year unless the programs complete the transition to the higher degree level before that date.*

**Final ACOTE decision to change status to or continue Probationary Accreditation subsequent to a review of a Plan of Correction or Progress Report:**

PROGRAM, LEVEL, CITY, STATE	DECISION
Eastern New Mexico University-Roswell (OTA), Roswell, NM	<a href="#">Continuing Accreditation-Probationary</a>
Keiser University-Melbourne (OTA), Melbourne, FL	Probationary Accreditation
Keiser University-Orlando (OTA), Orlando, FL	Probationary Accreditation
South Suburban College of Cook County, South Holland, IL	Probationary Accreditation
South University-Columbia, Columbia, SC	Probationary Accreditation
Praxis Institute-Hialeah Campus (OTA), Hialeah, FL	<a href="#">Probationary Accreditation</a>
Tuskegee University (OTM), Tuskegee, AL	<a href="#">Probationary Accreditation</a>

*Probationary Accreditation or Continuing Accreditation-Probationary: Probationary Accreditation is an accreditation category. During a period of Probationary Accreditation, programs are recognized and listed as being accredited. Probationary Accreditation is usually limited to 1 year. However, extensions may be granted by ACOTE for good cause. Programs receiving ACOTE's notification of a change of status to Probationary Accreditation must notify currently enrolled students and those seeking admission that the program has been placed on probation. Probationary status may be removed when the program has demonstrated it is in substantial compliance with the Standards:*

- Because the areas of noncompliance are resolved, or
- Because the program has documented significant progress toward compliance with the cited areas of noncompliance within the allowed time period.

*Failure to come into substantial compliance with the Standards within the allowed time period will result in a change of status to Accreditation Withdrawn.*

**Final ACOTE decision to remove Probationary Accreditation subsequent to a review of a Plan of Correction or Progress Report:**

PROGRAM, LEVEL, CITY, STATE	DECISION
Keiser University-Ft. Lauderdale (OTM), Ft. Lauderdale, FL	Accreditation (Changed from Probationary Accreditation)
Towson University (OTD), Towson, MD	Accreditation (Changed from Continuing Accreditation-Probationary)

*Accreditation (changed from Probationary Accreditation or Continuing Accreditation-Probationary): The accreditation review process confirms that the program has corrected the concerns leading to Probationary Accreditation status and is now in substantial compliance with the ACOTE Accreditation Standards for a Doctoral-Degree-Level or Master's-Degree-Level Educational Program for the Occupational Therapist or a Baccalaureate-Degree-Level or Associate-Degree-Level Educational Program for the Occupational Therapy Assistant.*

**Final ACOTE decision subsequent to a request from the program to be placed on inactive status:**

PROGRAM, LEVEL, CITY, STATE	DECISION
Central Methodist University (OTA), Fayette, MO	Accreditation-Inactive
Newman University (OTA), Wichita, KS	Accreditation-Inactive
Rockhurst University (OTM), Kansas City, MO	Accreditation-Inactive
Ross College in Quad Cities (OTA), Davenport, IA	Accreditation-Inactive and 2-year extension of the accreditation term from 2022/2023 to 2024/2025.
St. Louis College of Health Careers, County Campus (OTA), Fenton, MO	Accreditation-Inactive
University of Cincinnati (OTM), Cincinnati, OH	Accreditation-Inactive

*Inactive Status: Inactive status is a special status applied only to programs that are **not currently enrolling new students** and do not plan to enroll new students in the future. The status "inactive" does not replace any other current accreditation status. The designation follows the regular accreditation status (e.g., Accreditation—Inactive or Probationary Accreditation—Inactive). Students graduating from a program with Accreditation—Inactive or Probationary Accreditation—Inactive status are considered graduates of an accredited program.*

**Final ACOTE decision to grant an accreditation term subsequent to a review of a Plan of Correction or Progress Report:**

<b>Stony Brook University (OTM), Stony Brook, NY</b> • <b>Stony Brook University-Southampton (OTM), Southampton, NY</b>	Accreditation	10	2032/2033

*Based on ACOTE's determination that the program has come into full compliance, a new accreditation term is awarded. For reaccredited programs, the amount of time the program maintained continuing accreditation with warning status has been deducted from the new accreditation term.*

*Accreditation terms for programs that were cited with no more than two areas of noncompliance may be extended if the areas are corrected within 1 year of ACOTE's action on the Report of On-Site Evaluation. For initial programs, terms may be extended from 5 to 7 years; for reaccredited programs, terms may be extended from 7 to 10 years. This decision is based on ACOTE's review of the Plan of Correction or Progress Report submitted by the program and a determination that the program has fully resolved the cited areas of noncompliance.*

**Final ACOTE decision subsequent to a request from the program to voluntarily withdraw from accreditation or the initial accreditation process:**
